

*New 2011 Heatcraft Price Guide **out now***

We understand information is critical to your success

The new Heatcraft 2011 price guide is out now and includes all the essential product information to help you find exactly what you need, when you need it. With thousands of products listed, you'll find capacity tables, product specifications, images, descriptions and prices all at your fingertips.

You can count on Heatcraft to be your source of knowledge. We know having the most up to date information is critical to your success, so we have taken the time to provide the detail you need to get you through your working day.

Our price guide includes a colour coded fast find index that will take you quickly to any section, while the detailed product and brand indexes zoom into exactly what you need.

It's just another way that Heatcraft makes your job easier.

Contact your local Heatcraft branch today for your copy or download it at www.heatcraft.co.nz
